Drawings

1. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the submitted drawings were informal drawings. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: in combination with other limitations of the claims, the cited prior arts fail to teach a symbol evaluation unit having a corresponding symbol for each of the node elements, the symbol evaluation unit evaluating an input to provide a symbol match determination, as recited in claims 1, 6 and 22.

3. Claims 1-8 and 22-25 are now in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
